## THEMATIC DIRECTIONS OF THE FORUM

- Innovative and new directions of environmental development
- Development of waste management industry
- International cooperation to address global environmental issues
- Education and science in the field in the field of ecology
- Industrial pollutants - opportunities for reducing environmental load
- Protection of wildlife
- Ecology of water and communal services of Russia
- Environmental aspects of the use of natural resources by industry
STRUCTURE OF THE PROGRAM. DAY 2

09.00-10.00  Registration

10.00-12.00  WORKING SESSION
Environmental problems of cities and their solutions

WORKING SESSION
State environmental expertise - the practice of implementing the new legislation

CONFERENCE
The present and the future of the waste management industry
Part 4 Extended responsibility of manufacturers and importers: opportunities for eco-oriented business

WORKING SESSION
Key environmental technologies of water and communal services of Russia

12.00-13.00  Break

13.00-15.00  WORKING SESSION
Green building - new standards for ensuring quality of life

PANEL SESSION
Liquidation of accumulated environmental damage - defining responsible government incentives

CONFERENCE
The present and the future of the waste management industry
Part 5 Separate waste collection as a key aspect of reforming the waste management industry

MEETING ON THE TOPIC
Development of the infrastructure of the water and communal services of the Russian Federation: improvement of legislation and modernization of wastewater systems in cities and rural settlements

15.00-15.15  Break

15.15-16.45  WORKING SESSION
Implementing the best available technology is a key aspect of environmental reform

CONFERENCE
The present and the future of the waste management industry
Part 6 Recycling and waste management - how to increase the share of recycling and the efficiency of the use of secondary resources?

PANEL SESSION
Ecology, health and quality of human life

WORKING SESSION
Global Earth climate change: problems and consequences

16.45-17.00  Break

17.00-18.00  Meeting of the Public Council of the ANCO "Public Forum "Ecology"

18.00-20.00  Coctails

THEMATIC DIRECTIONS OF THE FORUM

- Innovative and new directions of environmental development
- Development of waste management industry
- International cooperation to address global environmental issues
- Education and science in the field of the field of ecology
- Industrial pollutants - opportunities for reducing environmental load
- Protection of wildlife
- Ecology of water and communal services of Russia
- Environmental aspects of the use of natural resources by industry
OPENING SPEECH

To the participants of the X International Forum "Ecology"

Dear participants and guests of the forum!

I am glad to welcome you to the X International Forum "Ecology".

In the last 10 years, the forum has become a platform for constructive and open dialogue. We managed to attract not only almost all regions of Russia, but also include delegates from more than two dozen foreign countries. I am sure that due to our joint activities at the forum we will find effective mechanisms for solving many problems.

The business program of the anniversary forum is built around 8 key problems of the environmental agenda and includes all thematic areas of the National Project "Ecology".

The first results of the reform in the field of waste management will be summed up on the forum’s fields. We will pay attention to this topic within two days of work. We will cover all issues: starting with the activities of regional operators, and ending with the creation of a waste management infrastructure. The forum organizers are scheduled to discuss the development of the water-utility complex of Russia and the introduction of environmentally friendly technologies in the field of WSS. Traditionally, we will talk about global climate change, alternative energy, forest conservation and the preservation of biodiversity on the planet.

I invite you to take an active part in the discussions at the forum and in the formation of the final Public Resolution. For legislators, this document in practice has become a "firm expert leverage."

I wish you effective work, interesting meetings and fruitful cooperation!
DAY 1

PLENARY SESSION
10.00-12.00
Hall 1-2
"Priorities for the environmental development of Russia - project management as the basis of state policy in the field of environmental protection in the Russian Federation"

Issues for discussion:
- On the strategic objectives of state policy in the field of environmental protection;
- Issues of the implementation of the National Project "Ecology" and the Strategy of Ecological Safety of Russia;
- Improvement of regulatory and legal legislation in the field of environmental protection;
- Formation of a model of sustainable environmental development in Russia;
- The interaction of government, business and society in solving environmental problems.

Moderator: Valuev N., First Deputy Chairman of the State Duma Committee on Ecology and Environmental Protection, Chairman of the Public Council ANO "Ecology"

Speakers:
Ivanov S., Special Representative of the President of the Russian Federation on nature protection, environmental and transport issues
Timofeeva O., Deputy Chairman of the State Duma
Burmatov V., Chairman of the State Duma Committee on Ecology and Environmental Protection
Nikolaev N., Chairman of the State Duma Committee on Natural Resources, Property and Land
Kulbachevsky A., Head of the Department of Environmental Management and Environmental Protection of Moscow
Dudareva A., Chairman of the Commission on Ecology and Environmental Protection of the Civic Chamber of the Russian Federation
Elias V., Director of WWF Russia Conservation Programs
Ismailov R., Chairman of the All-Russian Public Organization for the Protection and Protection of Natural Resources "RUSSIAN ENVIRONMENTAL SOCIETY"
Matrosov S., Head of the Department for Business Development and State Regulation on the Shelf of Gazprom Neft PJSC

12.00-12.45 Visiting the exhibition/Press Scrum/Lunch
Issues for discussion:

- State policy in the field of green energy development;
- Promising projects in the use of renewable and alternative energy sources;
- Benefits and subsidies to support the creation and use of renewable and alternative energy sources;
- Green energy as a key direction for ensuring energy security and reducing negative environmental impacts;
- Prospects for the development of green energy in Russia and in the world.

Moderator: Bashmakov I., General Director of the Center for Energy Efficiency - XXI Century (CENEf-XXI LLC)

Speakers:

Bobylev P., Deputy Director of the Department of Electric Power Industry Development, Ministry of Energy of the Russian Federation
Fedorov D., Minister of Nature and Cyclical Economics of the Ulyanovsk Region
Gasho E., Head of the Commission on Ecology, Energy and Sustainable Development of the Civic Chamber of Moscow, Head of the Energy Conservation Laboratory of the National Research University "Moscow Energy Institute"
Petrov I., National expert of UNIDO in the Russian Federation
Barkin O., Member of the Board - Deputy Chairman of the Board of the Association "NP Market Council"
Rakitova O., General Director of the International Bioenergy Publishing House

Issues for discussion:

- Environmental responsibility issues for industrial pollutants;
- Transition of enterprises to the new system of rationing the negative impact on the environment;
- Criteria for the formation of the list of enterprises of the first category that have a negative impact on the environment;
- Environmental initiatives of the largest industrial companies;
- State regulation of harm caused to ecology by industry: what will the transition of enterprises to the new system of rationing for negative environmental impact lead to?
- Prospects for replacing payments for a negative environmental impact with a tax;
- A model of compensation for environmental damage or an incentive model for production modernization?
Moderator: Novikov R., General Director of Argumenty i Fakty JSC

Speakers:
Mishiev R., Head of the Department of Environmental Policy and Best Available Technologies of the Department of Strategic Development and Corporate Policy of the Ministry of Industry and Trade of the Russian Federation
Sokolova N., Head of the Basic Department of Rosprirodnadzor of Gubkin Russian State University of Oil and Gas
Ordynets V., Deputy Director of Technical for Industrial and Environmental Safety of Shchekinoazot OJSC
Kukhareva O., Deputy Director for Legal and Corporate Affairs of the Russian Utility Systems Group of Companies
Turgeneva L., Head of the Department of Environmental Safety and Environmental Protection of SBU-Coal JSC
Belov A., Member of the Council on Agriculture and Environmental Management at the Council of Federation of the Federal Assembly of the Russian Federation, Chief Specialist of the Information Policy and External Relations Department of Mosvodokanal JSC
Pichugina N., Head of Industrial and Environmental Safety, President of the Environmental Association of Forensic Experts and Auditors.
Davidyan S., Leading Sales Specialist HACH LANGE GmbH

12.45-14.45 Hall 1

CONFERENCE
"The present and the future of the waste management industry" Part 1 "The first results of the reform in the field of solid municipal waste management"

Issues for discussion:
- Legislative regulation of the development of the industry and the law on the transitional period of the implementation of the "garbage reform"
- Digitization of the waste management industry;
- Creation of a public law company in the field of waste management;
- First results and regional specificity of the implementation of the reform in the sphere of MSW management;
- Opportunities for interregional cooperation in the field of municipal solid waste management;
- Public control mechanisms in the field of municipal solid waste management.

Moderators: Sedov A., General Director of Bolshaya Troyka LLC
Besshapov P., President of JSC Waste Management

Speakers:
Timofeeva O., Deputy Chairman of the State Duma
Perfilova E., Advisor to the Regulatory Office in the Housing and Public Utilities of the Federal Antimonopoly Service
Kuznetsova T., Deputy Head of Department - Head of the Department for Supervision of Pipeline Transport Facilities of the Federal Service for the Supervision of Natural Resources
Dudareva A., Chairman of the Commission on Ecology and Environmental Protection of the Civic
Chamber of the Russian Federation

Pospelova M., Head of the Center for Legal Support of Regional Waste Management Operators, Deputy General Director of LLC Bolshaya Troika

telushkin S., Director of Waste Management LLC Clean Footprint

Salazkova M., Project Manager, Regional Public Sector of Sberbank

Favorov M., Technical Director of LLC Bolshaya Troika

Egorov D., Minister of Ecology and Natural Resources of the Nizhny Novgorod Region

Kuchayev A., Deputy Chairman of the Committee on Environmental Management, Environmental Protection and Ensuring the Environmental Safety of St. Petersburg

Zaypullaev M.M.-I., Minister of Construction and Housing and Communal Services of the Chechen Republic

Vergun P., Minister of Construction and Housing of the Chechen Republic

Borisov D., Senior Project Manager, Roland Berger Consulting Company

Nagorskaya T., Chairman of the Board of the Association "Separate Waste Collection".

12.45-14.45 WORKING SESSION
Hall 4 "Green Light to the Green Economy"

Issues for discussion:

- The use of green financial instruments by Russian development institutions and public companies;
- Development of mechanisms for financing environmental protection from budget and extrabudgetary sources;
- National development institutions and integrators in the field of "green" investments;
- Subsidies and preferential credit system for environmental projects;
- Creating a system of "green" state procurement and environmental-oriented state order;
- Financing of waste management infrastructure projects.

Moderator: Titov M., Executive Director, Research Center ENERPO

Speakers:

Slutskaya M., Advisor to the Minister of Economic Development of the Russian Federation

Zemtsov R., Director of the Department of Financial and Economic Support of the Ministry of Natural Resources and Environment of the Russian Federation;

Klevakina M., Head of the Department of Agriculture and Environment Statistics of the Federal State Statistics Service

Tamozhnikov V., Director of the Financial Market Strategic Development Department of the Central Bank of the Russian Federation

Kushnarev A., Chairman of the Committee of the People’s Khural of the Republic of Buryatia on economic policy, environmental management and ecology

Korotkov S., Director of the UNIDO Center for International Industrial Cooperation in the Russian Federation

Plyamovaty E., Deputy Director, Head of Client Relations Department, FSC Russia

Babenko M., Director of the Green Economy Program at WWF Russia

Zharinova E., Head of Sales and Business Development, CJSC AKKORD Group of Companies
**Varfolomeeva L.**, Member of the interdepartmental working group of the Ministry of Economic Development of the Government of the Russian Federation on economic aspects of environmental protection and regulation of greenhouse gas emissions

**Potapov V.**, The head of the group of scientists of "Economic Mechanisms for Stimulating Resource and Energy Saving and Reducing Anthropogenic Impact"

---

14.45-15.00  
Break

---

**WORKING SESSION**

15.15-16.45  
"Issues of forest protection and environmental responsibility of the timber industry complex"

**Issues for discussion:**
- State policy in the field of forest protection and reforestation;
- Stimulation of the introduction of resource-saving technologies in the timber industry complex;
- Adoption of responsible forest management principles in the forest industry;
- Technologies for reducing the negative impact on the environment by enterprises of the timber industry complex;
- The implementation of state policy in the field of forest fire protection;
- Problems of forest and environmental legislation in the field of forest conservation and protection.

**Moderator:** Ptichnikov A., Chief Advisor of the FSC, Russian office

**Speakers:**
- Krotov N., Deputy Head of the Federal Forestry Agency
- Kaptalinin D., First Deputy Chairman of the Forestry Committee of the Moscow Region
- Nazarov S., Deputy Head of the Department of Forestry of the Vologda Region
- Yanitskaya T., Deputy Director, Head of Standards and Quality Department, FSC Russia
- Shmatkov N., Director of the WWF-Russia Sustainable Forest Management Program
- Mishunkina M., First Deputy General Director of "Argumenty i Fakty"
- Zharinova E., Head of Sales and Business Development, CJSC AKKORD Group of Companies
- Potapov V., The head of the group of scientists of "Economic Mechanisms for Stimulating Resource and Energy Saving and Reducing Anthropogenic Impact"
**WORKING SESSION**

"Environmental aspects of the development of oil and gas resources. Pollution of water bodies by oil and oil products and solutions: issues of processing and disposal of oil sludge"

---

**Issues for discussion:**

- Environmental aspects of oil and gas resource development
- Environmental responsibility of subsoil users;
- Oil spill response issues;
- Construction and reconstruction of oil facilities;
- State environmental impact assessment of the Plans for the prevention and elimination of accidental spills of oil and oil products;
- Technologies for the prevention and elimination of oil spills

**Moderator:** Zhigun E., General Director of Flottweg Moscow LLC

**Speakers:**

Rybas A., State Secretary - Deputy Head of the Federal Service for Environmental, Technological and Atomic Supervision

Polshvedkin R., Minister of Natural Resources and Environmental Protection of the Republic of Komi

Novokreschenov U., General Director of Lamor-Ugra LLC

Sheinfeld S., Chief Analyst of the Federal State Budgetary Institution "Information and Analytical Center for the Protection of Reserve Management and Studies"

Zvyagintsev A., Deputy Head of the Federal State Budgetary Institution «Marine Rescue Service» (MRS)

Sakirko E., Project Manager of the Energy Department of Greenpeace Russia

Sitnikov P., Business Development Manager, Flottweg Moscow LLC

---

**CONFERENCE**

"The present and the future of the waste management industry"  
Part 2  
"Creating a new waste management infrastructure: sorting, processing, disposal"

---

**Issues for discussion:**

- State supervision and requirements for waste disposal sites
- The national project "Clean Country" as the basis of the state policy in the field of liquidation and recultivation of landfills for handling municipal solid waste;
- The problem of unauthorized dumps;
- Waste sorting and recycling issues;
- Development of waste management infrastructure: opportunities for attracting investment and government regulation;
- Criminal and administrative liability for unauthorized disposal of waste;
- Technological solutions for landfilling of solid municipal waste.
Moderator: Sheveleva O., Chief editor of the magazine "MSW"

Speakers:
- Pryakhina A., Prosecutor of the Department for Supervision in the Field of Environmental Protection and Protection of the Arctic Nature of the General Prosecutor's Office of the Russian Federation
- V. Murashov, Director of Waste Management Directorate
- Borisov N., Head of the Department of Leningrad Region on the organization and control of waste management activities
- Kuprikova Y., First Deputy Minister of Environment of the Chelyabinsk Region
- Alekhin E., Head of the Department for Environmental Supervision and Environmental Management of the Department for Supervision and Control Activities of the Oryol Region
- Parakhin U., General Director of JSC EcoCity
- Bozhinov K., Head of Geocycle of LafargeHolcim Russia
- Stefan Löle, Expert of the project "Climate Neutral Waste Management in the Russian Federation", General Director of Cyclos GmbH, Germany
- Pichugina N., Head of Industrial and Environmental Safety, President of the Environmental Association of Forensic Experts and Auditors
- Potapov G., Employee of the waste and secondary resources management methodology department of Federal State Autonomous Body Research Institute "Environmental Industrial Policy Center"
- Belova L., Chairman of the Association of Public Control in the Sphere of Waste Management in the Moscow Region

15.00-17.00 WORKING SESSION
Hall 4
"State programs for the conservation of water resources of Russia"

Issues for discussion:
- Issues of state eco-control of water bodies;
- Implementation of federal projects in the field of water conservation;
- Issues of state environmental control - opportunities for reducing emissions and the responsibility of industrial companies;
- Legal issues of the use of water areas;
- Issues of financing projects for the protection and rehabilitation of water bodies;
- Rehabilitation of water bodies;
- Industrial enterprises and water resources protection;
- Targeted financing of negative impacts on water bodies and protection of water bodies;
- State control over the discharge of waste and ballast water into water bodies

Moderator: Valuev N., First Deputy Chairman of the State Duma Committee on Ecology and Environmental Protection, Chairman of the Public Council ANO "Ecology"

Speakers:
- Yastrebov S., Deputy Minister of Natural Resources and Ecology of the Russian Federation
- Koskin S., Director of the Department of State Policy and Regulation in the Field of Water Resources of the Ministry of Natural Resources and Ecology of the Russian Federation
- Bokova T., Deputy Head of the Federal Agency for Water Resources
- Anikeeva M., Head of Protection of Nature and Lake Baikal of Irkutsk Region
Strakhov M., Head of the Water Resources Department of the Committee for Environmental Management, Environmental Protection and Ensuring Environmental Safety of St. Petersburg
Baburin V., Chairman of the Legislative Assembly of the Kaluga Region
Shchepin A., Minister of Natural Resources and Ecology of the Republic of Karelia
Abramov S., Minister of Environment of the Ryazan Region
Belov A., Member of the Council on Agriculture and Environmental Management at the Council of Federation of the Federal Assembly of the Russian Federation, Chief Specialist of the Information Policy and External Relations Department of Mosvodokanal JSC
Lomakov O., Development Director of Eco-Instrument LLC, General Director of "Clean Hands, Clean Rivers" Fund
Varfolomeeva L., Director of the Center for Strategic Development of Security Agency for Investments and Business in Russia

17.00-17.15 Break

17.15-18.45 WORKING SESSION
Hall 3
"Environmental aspects of the development of the agro-industrial complex of Russia"

Issues for discussion:
• Legal regulation of the management of the agro-industrial complex: the environmental aspect;
• Environmental issues of chemicalization of agricultural production;
• Ecological situation in livestock enterprises and ways to improve it;
• Ecological consequences of environmental pollution by objects of the agro-industrial complex;
• Processing and disposal of waste from the agro-industrial complex.

Moderator: A. Pushkov, Director of ANO "Public Forum" Ecology "

Speakers:
Vlasov N., Deputy Head of the Federal Service for Veterinary and Phytosanitary Surveillance
Varzegov M., Head of labor protection and industrial safety of Agropromkomplektatsiya LLC
Korshunova I., Senior Director of Quality Assurance and Senior Director for Sustainable Development, McDonald’s
Sitnikov V., Minister of Agriculture of the Stavropol Krai
Zaprometov V., Technical Director of ECOLOS

17.15-18.45 PANEL SESSION
Hall 2
"Rationing of air emissions - the balance between business needs and environmental protection"

Issues for discussion:
• State policy in the field of regulation of emissions into the air;
• Legislative regulation of the issues of equipping emission sources with automatic control devices;
- Atmospheric air issues in the regions of the Russian Federation;
- Mechanisms to stimulate the introduction of technologies for reducing emissions into the atmospheric air in industrial enterprises;
- Implementation of the federal project "Clean Air".

**Moderator:** Elansky N., Head of the Department of Atmospheric Composition Studies of the A.M. Obukhov Institute of Atmospheric Physics of Russian Academy of Sciences

**Speakers:**
- Rebrik I., Director of the Department of Ecology, Labor Protection and Industrial Safety, UC RUSAL
- Kuprikova Y., First Deputy Minister of Ecology of the Chelyabinsk Region
- Zhou Gomei, Director General, Center for International Environmental Cooperation, Ministry of Ecology and Environment, PRC
- Turgeneva L., Head of the Department of Environmental Safety and Environmental Protection of SBU-Coal JSC
- Andreeva J., Environmental Health and Safety Director, JTI
- Smirnova I., Head of the Department of Monitoring and Study of the Chemical Composition of the Atmosphere of the Voeikov Main Geophysical Observatory

### 17.15-18.45
**Hall 1**

**CONFERENCE**
"The present and the future of the waste management industry" **Part 3**
"Creating a new waste management infrastructure: sorting, processing, disposal"

**Issues for discussion:**
- First results of the implementation of the waste management reform – regional operator as integrator operators as integrators of activities in the field of waste management;
- The interaction of federal authorities, regions of the Russian Federation, subjects of the PSC, housing and utilities organizations and the processing industry with regional operators;
- Issues of tariff for handling municipal solid waste;
- Implementation of the requirements of regional policy in the field of MSW management on the territory of the subjects of the Russian Federation;
- Competitive selection and tariff regulation during the implementation of the reform in the field of solid municipal waste management;
- Supervision and responsibility for the activities of regional operators.

**Moderator:** Gubaydullin R., Executive Director of the Association "Clean Country"

**Speakers:**
- Fedyakov A., Deputy Head of the Housing and Utilities Regulatory Office of the Federal Antimonopoly Service
- Pryakhina A., Prosecutor of the Department for Supervision in the Field of Environmental Protection and Protection of the Arctic Nature of the General Prosecutor's Office of the Russian Federation
- Pospelova M., Head of the Center for Legal Support of Regional Operators on Waste Management, Deputy General Director of Bolshaya Troika LLC
Meeting of the Working Group of the State Duma Committee on Ecology and Environmental Protection on the improvement of legislation on specially protected natural territories, protection and use of wildlife on the topic "On the improvement of legislation for the development of ecological tourism"

Issues for discussion:

• What are the challenges and opportunities facing the Russian Federation in the field of tourism and ecology in the protected areas, taking into account trends and future forecasts (longer-term vision 5, 10, 15 years)?
• What legislative changes are necessary for the creation and implementation of programs for the development of specially protected natural areas and the development of the ecotourism industry?
• What projects in the sphere of tourism and ecology are priority and most promising for the protected areas?
• What technologies, instruments, methodologies in the field of ecotourism are currently not enough to solve specialized, as well as socio-economic problems of the protected areas in general?
• What are the initiatives of the non-profit sector and business in the field of ecotourism in PAs that require support, development and replication?
• Best practices for preserving relevant natural sites and providing a high level of service for ecotourists
• Instruments and solutions for the implementation of the "May decree" and the successful implementation of the national project "Ecology"

Moderator: Valuev N., First Deputy Chairman of the State Duma Committee on Ecology and Environmental Protection, Chairman of the Public Council ANO "Ecology"

Invited to participate:

Pushkarev V., Deputy Chairman of the Committee on Regional Policy and Problems of the North and Far East of the State Duma of the Federal Assembly of the Russian Federation
Shmakov I., Deputy Director of the Federal Reserve of the Ministry of Natural Resources of the Russian Federation
Volodkin A., Deputy Director of the National Center for Public-Private Partnership
Petrov V., Secretary of State, Co-Chairman of the Environmental Chamber of Russia
Prokopev V., Chairman of the Standing Committee of the State Assembly (Il Tumen) of the Sakha Republic (Yakutia) on land relations, natural resources and ecology
Titov D., Head of the Environmental Management Department of the Ministry of Ecology and Environmental Management of the Moscow Region
Rozhkova L., Assistant Prosecutor of the Rostov Region on Interaction with Representative
(Legislative) and Executive Bodies of the Region, Local Self-Government Bodies
Shishov M., Head of Ecological Tourism Development Project Office
Zheleznyak A., General Director, ANO National Tourism Initiative

DAY 2

10.00-12.00 WORKING SESSION
Hall 2 "Environmental problems of cities and their solutions"

Issues for discussion:
- The main environmental problems of Russian cities: from the Soviet industrial heritage to the accumulation of MSW;
- Creating a comfortable and environmentally friendly urban environment;
- Landscaping and green urban planning issues;
- Ecology of production and living environment;
- Impact of vehicles on urban ecology;
- The growth of environmental awareness and environmental education;
- Formation of a clean environment in the city;
- Minimizing the negative impact of the urban environment on human health.

Moderator: Gorokhova E., director of the movement "ECA"

Speakers:
Seleznev V., Deputy of the State Duma of the Federal Assembly of the Russian Federation
Kiselev-Romanov A., Director of the Department of Public Health and Communications of the Ministry of Health of the Russian Federation
Osipovsky D., Head of the Traffic Management Department of the Ministry of Transport of the Russian Federation
Shashlova N., Head of the Department of Agriculture and Environment Statistics of the Federal State Statistics Service
Zotova Z., Deputy of the Moscow Duma
Krutoy D., Head of the environmental projects sector of the Committee for Environmental Management, Environmental Protection and Ensuring Environmental Safety of St. Petersburg
Terekhov A., Deputy Director, Head of the Department for Environmental Protection and Forest-Park Management, Department of Environmental Protection, Forest-Park, Agriculture and Industry, Sochi
Bogachenko V., Director of Corporate Relations of LafargeHolcim Russia
Ryzhov I., Expert of the Center for the Conservation of Wildlife, Candidate of Geological and Mineralogical Sciences, co-author of the educational program for schoolchildren, expert
Nikitich E., Deputy Director of MosEcoMonitoring
Duving S., General Director, Editor-in-Chief of the Green City Media Resource
10.00-12.00  WORKING SESSION
Hall 3  "State environmental expertise - the practice of implementing the new legislation"

Issues for discussion:
- Environmental expertise: regulatory aspects;
- Prospects for expanding the list of objects subject to state environmental expertise;
- Changes in legislation in the field of state environmental impact assessment;
- Issues of harmonization of sanitary protection zones;
- Impact of the introduction of state environmental impact assessment on the cost of investment projects.

Moderator: Khmeleva E., Director of the WWF-Russia Environmental Management Program

Invited to participate:
- Morozova O., Head of the Department for the Regulation of Ecological Expertise and State Environmental Supervision of the Department of State Policy and Regulation in the Field of Environmental Protection and Ecological Safety of the Ministry of Natural Resources and Ecology of the Russian Federation
- Sheinfeld S., Chief Analyst of the Federal State Budgetary Institution "Information and Analytical Center for the Protection of Nature Protection"
- Perfilyeva E., Director of the environmental agency InEcA-consulting, JSC
- Turgeneva L., Head of the Department of Environmental Safety and Environmental Protection of SBU-Coal JSC
- Veselov A., Director General of the Association of Environmental Lawyers of Russia
- Golubeva S., Director of System Development Agency LLC

10.00-12.00  CONFERENCE
Hall 1  "The present and the future of the waste management industry" Part 4
"Extended responsibility of manufacturers and importers: opportunities for eco-oriented business"

Issues for discussion:
- Environmental Fees: Regulatory Issues
- Prospects for expanding the list of goods subject to environmental and recycling collection;
- How to find a balance between business needs and environmental protection: the cost of environmental and recycling fees for enterprises and the increase in prices for goods;
- Encouraging the participation of producers and importers in the development of the waste processing industry;
- The development of the electronics recycling industry in Russia.

Moderator: Melanevskaya L., Executive Director of the Non-Commercial Association "RusPEC"
Speakers:
Kuprin R., Deputy Director of the Department of Metallurgy and Materials of the Ministry of Industry and Trade of the Russian Federation
Ivanova O., Environmental Manager of Tetra Pak JSC
Ivanova E., Manager of Sustainable Development and Corporate Communications of Baltika Brewery
Podoynikov S., Executive Director of the Union of Tire Manufacturers and Importers on the independent enforcement of standards for the disposal of waste from the use of tires and rubber products
Stefan Löle, Expert of the project "Climate Neutral Waste Management in the Russian Federation", General Director of Cyclos GmbH, Germany
Onischuk A., President of the Association "The system of collective responsibility Electronics - recycling"
Sergeev A., Executive Director of the Association "Waste Paper Recyclers"

10.00-12.00 WORKING SESSION
Hall 4
"Key environmental technologies of water and communal services of Russia"

Issues for discussion:
- The use of environmentally friendly technologies in the field of wastewater disposal services;
- Issues of updating the BAT reference book on wastewater treatment;
- Treatment and disposal of sewage sludge in the wastewater disposal sector: problems and solutions;
- Import substitution in the wastewater disposal sector;
- Technologies of water and communal services of Russia: regional aspect.

12.00-13.00 Break

13.00-15.00 WORKING SESSION
Hall 2
"Green building - new standards for ensuring quality of life"

Issues for discussion:
- Impact of construction on the environment and measures to combat adverse effect
- State environmental supervision during construction, reconstruction of capital construction objects
- Environmental standards in the construction of international and domestic experience;
- Utilization and recycling of construction waste;
- Land reclamation during construction.
Moderator: Ismailov R., Chairman of the All-Russian Public Organization for the Protection and Protection of Natural Resources "Russian Environmental Society"

Speakers:
Shiryaeva I., Head of the Environmental Policy Department of the Moscow Department of Environmental Management and Environmental Protection
Berezutsky D., Chairman of the Association "GreenStroi"
Benuzh A., Head of the REC Green Standards CUSTOMER National Research Moscow State University of Civil Engineering
Ivanova E., Editor-in-chief Information and analytical magazine "Redevelopment"
Rosina N., President of the ANO Center "Sustainable Development"

PANEL SESSION
13.00-14.30 "Liquidation of accumulated environmental damage - defining responsible government incentives"

Issues for discussion:
- Updating of environmental legislation in the field of liquidation of accumulated environmental damage;
- The priority project "Clean Country" as the basis of the state policy in the field of eliminating accumulated damage;
- Economic incentives for the elimination of objects of accumulated environmental damage;
- Liquidation of accumulated environmental damage from industrial and military activities in the Arctic. Experience of attracting volunteers.

Moderator: Pushkarev V., Deputy Chairman of the Committee on Regional Policy and Problems of the North and Far East of the State Duma of the Federal Assembly of the Russian Federation

Speakers:
Aksenov S., Deputy Head of the Federal Agency for Subsoil Use
